

Together for a healthier El Paso

We know that accessible testing has become even more important in El Paso, as COVID-19 has greatly impacted patients living with chronic conditions. To maintain the unique spirit—and health—of El Paso, we work with the medical community to encourage patients to take a more active role in their wellness.

1 rapid response lab

10 Patient Service Centers

40B+ patient data points

101 El Paso employees

You and your patients benefit from:

- 1. Superior access and value—**
with convenient locations and broad health plan coverage
- 2. Superior lab experience—**
with pricing transparency, online scheduling, EMR connectivity, and rapid, reliable turnaround time
- 3. Superior infrastructure, access to expertise, and data-driven quality—**
for greater confidence

With **10 Patient Service Center locations** across the El Paso area, including select Walmart locations, we can help you meet the diverse testing needs of your patients, offering better access, expertise, and value.

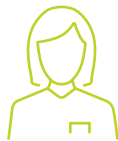

Supporting you and your patients with advanced testing, access, and health plan coverage

For your patients:

Superior access, value, and lab experience

Convenient locations

- 10 Patient Service Centers and retail locations throughout El Paso

Broad health plan coverage
